# Chairman's Report

Simon Moore JP - Chair Swimming Canterbury West Coast

I am writing this year's report as my last as Swimming Canterbury West Coast's chair. I have enjoyed my time, but as someone said recently, it's time for some fresh new blood to take this role on. I will also resign from the board at the end of the next term. I have really enjoyed my time on the board and as the Chair, but it is very time consuming. I have several new 'ventures' keeping me very busy, and unfortunately not everyone appreciates the time that board members are required to put into this commitment. As I have said many times, if you think you have something to offer come off the sidelines and join the board.

Over the last year we have been meeting with the Christchurch City Council, trying to negotiate rates for our swimmers and for our events, including how fees are paid etc. That's been a long and drawn out process and whilst we didn't get our way completely, I believe we got the best we could under the circumstances. As we are seeing, it's getting harder and harder to keep a lid on costs and we are lucky that the board have worked hard to keep a 'war chest' for the times that we will need it, and those days have been, and more are, coming quickly. Whilst the temptation may be to spend up large, that has to be tempered with the future in mind, and the very real threat that funding from traditional sources is and will continue to get harder to obtain.

Our Operations Manager Deb Rahurahu, works tirelessly behind the scenes to try and get funding from charity trusts to help fund equipment, support initiatives and events, meaning that we can keep our reserves accordingly, but that funding is getting harder to get and we have to face the fact that we will have to start putting our hand into our pocket eventually, which will see our funds reduce, possibly rapidly.

We continue to proactively work with the Christchurch City Council, The Rata Foundation and other organisations promoting swimming throughout Canterbury. We have managed to secure funding to allow the continued employment of Quinton Hurley as our Marketing Assistant. His role continues to develop into a very important one, as acknowledged by the continued funding from the Christchurch City Council. The 'have a go' meets organised by Quinton and Deb have been extremely successful, with the help of our fantastic volunteers, and are very well received by the participants and their families. More of these will take place over the next year.

Quinton continues to develop the website, and his skills with that and social media are an asset to our organisation. The money he is saving us is

substantial, and his skills and achievements with this should not be underestimated. His knowledge and participation in our sport allows him to target those areas that swimmers are interested in, and we are indeed lucky to have him on board.

We continue to work with the coaching group on the squad pathways and associated meets and I am sure that this will continue over the next year. We need to develop our pathways and support that work going forward, and there is a commitment to do so.

I hate to say it, but Parakiore's opening has been further delayed and now it is anticipated to not open until December 2025, which is quite frankly disastrous. We are continuing to have more generations of our swimmers not having a regional 50 metre pool and these further delays mean our athletes are going to miss out on more opportunities. Events pencilled in by Swimming New Zealand and the CCC have had to be shifted to other regions, meaning that once again our region misses out. I am sure you all share the disappointment once again, but the shame of it all is that we are getting used to it, and let's face it, we are powerless to do anything about it.

Having said all that, our region, compared to others, has not seen the exodus and our numbers continue to be strong. We have new clubs forming, which is not being seen in other regions and we are often asked what we are doing to achieve this. There is no simple answer and we believe the reasons are numerous, but the have a go's, strong social media presence, quality of the clubs and coaching, and strong regional representation are but a few of the reasons.

We are very lucky to have dedicated volunteers who are stepping up to maintain our gear, which is very expensive, temperamental, and costly to replace. Their skills and dedication are invaluable. I am not going to name them because those of us involved know who they are, and I want to thank them for their continued assistance.

Once again, I also wish to acknowledge the organisations that give us grants for other parts of the operations such as our Operations Managers and Marketing Assistants salary, medals and ribbons, pool hire, timing equipment etc. Without the assistance of these charitable organisations, we would struggle to survive, so thank you sincerely for your continued support. As I have said - we should not take for granted that this funding will always be available, as the funds are getting smaller and the number of organisations seeking grants are getting bigger.

I have already mentioned the small group of

our volunteers that maintain our gear, but there is a wider group of volunteers that allow us to operate. From club level support through to National and International events, we are almost overrepresented, which is fantastic for our region. I am in awe of you all. Your time and dedication cannot be underestimated, and I once again want to sincerely thank each and every one of you.

I still continue to encourage members, particularly parents of swimmers, to consider becoming a volunteer at meets. We need timekeepers and technical officials all the time and if we have a big pool (excuse the pun) then we can spread the workload more evenly and not leave it to the same faces all the time. Also, please consider lending a hand at the end of meets to help clean up and pack the gear away, especially if the meet is being run by your club. Many hands make light work and the whole pool can be undressed and cleaned up in about 20 minutes if we all pitch in.

And I have said this before, don't criticise from the sidelines, come and get involved - that's far more helpful and is essential for our sport to be able to operate and exist.

To our athletes, technical officials and coaches that have been, and are, travelling overseas to international events - we are extremely proud of you and your achievements. You represent your clubs, regions and country when you travel overseas, and you do that to an extremely high standard.

I continue to be in awe of our Operations Manager Debbie Rahurahu, without whom we could simply not operate as we do. She goes above and beyond, working after hours, at meets during her time off, even taking her laptop away to the USA with her when she is visiting family. She is hugely respected throughout the country for her knowledge, ideas, passion for the sport of swimming and forthrightness, which is often needed. I know that she puts her job and the sport before most things, and I admire her for that. I find myself having to tell her to slow down and relax but she ignores me!!

Finally, to the swimmers. We are all in it for you. We want to see you achieve great things and whilst not everyone will make the national or world stage, as long as you try your best, enjoy what you are doing and remain dedicated you will be a winner, no matter what.

Thanks to those that have supported and worked with me during my tenure as the Chairperson of Swimming Canterbury West Coast. It sure hasn't been easy with a lack of a 50m pool and a global pandemic in the mix. The fact that we have come out the other side mostly intact and financially sound is a credit to you all. I urge you to continue to work with your board and come up with ideas and share them. The board are a small group of dedicated volunteers, all in fulltime employment in varying roles and of varying experience in the sport. We have a very diverse board with young, old (me), parents of swimmers both present and past and ex swimmers who have had varying time on the board.

The Board does not pretend to have the answers to everything, after all, the Board are made of members just like you! If all members throughout the region work collaboratively and share our visions we can move forward and be even more successful, whilst making sure the region stands on its feet financially.

I want to offer the board's sincere thanks to Fiona Campbell for her stellar work on the Events committee, a position that she has held for many years, but now steps down due to rotation. We all know the mountain of voluntary work that Fiona has been and continues to do for SCWC and I know that she will continue with the work she is doing, despite having to step down. Also, our sincere thanks to Marlene Morrison for all the tireless work she has done as a Trustee for the Doreen Brown Trust which has recently been wound up as the funds have been distributed over many years, to the benefit of school children in our region. Marlene's behind the scenes work over the years has been extremely beneficial and it is done without fuss and or recognition. Thanks to you both.

I wish my successor all the best moving forward.

# Technical Report

## Christine Cassin - Chair SCWC Technical Committee

The 2022-2023 year has been largely undisrupted and has seen a return to unrestricted swim meets.

With a full calendar of meets we have been able to return to training technical officials on the pool deck, where numbers have permitted.

For Designated Meets to be approved by Swimming NZ there is a minimum number of qualified technical officials required at each session, which means we need more than the minimum number before we can offer our officials the opportunity to train for new positions.

This year Ron Clarke, our National Assessor, has qualified a National Referee, Stuart Challenger Hokitika and two National Inspectors of Turns.

The Swimming NZ Technical Advisory Committee was restructured in December and will be introducing a new assessment system.

We have also qualified seven Regional Inspectors of Turns and a Regional Referee Glenys McKenzie,

Vikings Club.

Unfortunately Parakiore has been delayed further and is now due to be completed in 2025.

We did not hold SCWC Long Course Championships in January 2023 and it has been decided that we will not hold another Long Course Championships until Parakiore opens.

SCWC hosted the South Island Country and Town Meet in Greymouth in March and I would like to thank all the Technical Officials who travelled to ensure we had the numbers required for the Meet to be approved.

SCWC continues to be well represented by our Technical Officials at Swimming NZ Meets.

I would like to thank everyone for their continued support over the last year from the swimmers, parents, coaches, technical officials, technical committee, events committee to the Board.

# Events Report

## Fiona Campbell - Chairperson of the SCWC Events Committee

The SCWC League was held and twice this year with a Junior division being added. Round robin 'games' between Clubs were held in three locations over one weekend and the finals for all three divisions were held on Sunday afternoon at Selwyn. Each club wore a different coloured t-shirt. The racing and competition was furious - Club honour was on the line! Thanks to all those who helped at these sessions as it was a bit frantic at times!

It was decided not to travel for Canterbury Championships again this year and just reinstate the Championship when we have a long course pool - hopefully in 2025!

With no Canterbury Championships the coaches organised a 'Coaches Invitational' short course meet at the end of January. It was for all our registered swimmers. Those aged 13 and over swam heats and finals. The 12 and Unders swam timed finals in separate sessions. It was very successful and popular - helped by the generous amounts of money as prizes!

The other regional meets, Development Championships, Juniors and Short Course, were held as usual. In future the Development Championships will be called the Memorial Meet (to avoid confusion with Development/Designated meets.) The Development Championships and SCWC Juniors were well attended but unfortunately the numbers were

down for SCWC Short Course.

SCWC hosted South islands Country and Town meets this year. It was held at Greymouth. Numbers were very low so we added an open meet for those who wanted to qualify for Div 2s. It was a very successful meet.

The Events Committee feel that the Tier System for meets in its present format is no longer effective. Pool bookings are more flexible and the number of swimmers at these meets is dropping.

We still want to present a balanced calendar during the year to make sure we cater to all our groups: older swimmers, faster swimmers, younger swimmers, beginner swimmers, but we would like Clubs to have more choices for their meets, with regard to ages, qualifying times, events swum etc.

We would like to thank all the officials for all the time they spend at meets especially those who no longer have any swimmers - without them we could not hold approved meets.

We would also like to thank all the swimmers and their parents for supporting all the meets and helping on poolside. Finally we would like to thank the coaches for all their efforts at keeping the meets going and encouraging their swimmers to attend them so that they provide good competition.

# Congratulations

Swimming Canterbury West Coast would like to acknowledge those athletes who qualified for and had so much success at national events during the 2022/2023 season.

Congratulations to all who worked so hard to achieve their goals at the:

- 2022 NZ Short Course Championships
- 2023 NZ Open Water Championships
- 2023 NZ Championships
- 2023 NZ National Age Group Championships
- 2023 NZ Division II Championships

We are proud of you all.

# Club Reports

## Aquagym Swim Club

I would like to congratulate all our Aquagym athletes for their continued commitment to the club, evidenced in their strong support for each other and their exceptional performance at swim meets.

We are extremely proud of what our coaches and athletes have been able to achieve with our athletes winning Canterbury, South Island and National finals and titles. We would like to congratulate Jordan Astley, Harry Renner, Eli Wilson and Ollie Lutton for their National Age Group 1st place in the 4x100 Free relay (new Canterbury Record), and also for McKenzie Drage in the 200IM Multi Class. It was also exciting for Ollie Lutton and Hannah King to both be selected for a NZ National Team that will compete in a Tri series event with teams representing Australia and Oceania and also for Charlotte Murphy who is representing NZ at the Queensland State Champs later this year.

The club welcomed a number of new junior

swimmers to the pool this year and we are excited to see them develop over the coming years.

We are particularly excited with the recent appointment of Andy McLay as new Head Coach and are looking forward to seeing him carry on the fine coaching legacy this club has. With the support of Brett Naylor (Aquagym Club Patron) the club remains well resourced to foster the development of our swimmers to the highest levels of competitive swimming in New Zealand. Many thanks to the parents and volunteers that continue to assist with the club, either on the Board or at swim meets. We simply cannot operate without your continued support and involvement.

Swimming demands a big commitment from athletes and their families, but we make it because we understand the life lessons swimming teaches them, the discipline it requires, the character it develops, and the enjoyment it provides.

**Richard McEwan, President**

---

## Ashburton Swim Club

As our club looks back on the 2022/2023 season we can say we are more than proud of what we have achieved and excited about the direction our club is heading in.

The past season has seen another addition to our coaching team with head coach, Jeff Gould being joined by Bailey Tait an ex-Ashburton Swim Team member. Between them both they are an exciting combination for our team. The support they bring to the training program has shown in the swimmer's achievements at all levels, club, regional and national with some very exciting results across the board. Moving forward the coaches continue to focus on team culture and the drive to bring new members onboard.

We are proud to have hosted a very successful Ashburton Splash event this season, attracting over 300 swimmers. With it not being held the previous

year due to covid restrictions it was great to welcome it back in style.

Our club is very grateful to have a motivated committee and group of volunteers who work tirelessly and give ongoing support to our swimmers and coaching team.

We now look forward to continued success in the coming season and wish our members all the best moving forward.

# Christchurch Amateur Swimming Club

Founded 1880

The Club is now in its 144th year and remains the oldest amateur swimming club in New Zealand.

Our small club remains in good heart particularly with pleasing numbers of younger swimmers being trained and it is pleasing to watch the rapid progress of many of these. As with other years, the Club's continued emphasis is to offer low-cost swimming lessons in a non-competitive situation. Those who wish to further their abilities competitively are still encouraged to join an appropriate competitive club. Over the year, we have maintained a similar number of swimmers as in the past year of about 50. We run two classes, firstly of beginners of primary age and a

later group of older more advanced swimmers and some adults swimming for fitness. Five of our teenage volunteer coaches have undertaken the Swimming and Water Safety Course in June 2021 through Swimming NZ, financially sponsored by the club.

The Club is extremely grateful for Christ College's continued generosity in making their excellent facilities available to us on a weekly basis in term time. Our relationship with the school extends over 20 years.

**Lindsay Acker, President**

## Dragon Swim Club

The 2022-23 season has been filled with excitements, especially during the dragon meet event which is our first club meet. We saw our admin team work well and hard;

We saw our volunteers try do them best; We saw our swimmers is getting a lot better with their swimming skills. We all improved and grown.... A lot older....

We have had our record club member last season over 30, which is double time grow.

Also, we would like warm welcome our two coaches

Martin Harris and Michael finally coming on board.

I'm super excited about the coming season. With our new coaches, dedicated swimmers and supportive parents and families. KEEP IT UP.

**Ziwen Liu, President**

## Geraldine Swimming Club

With no participation in competitions this year, a completely new committee and frequent challenges in retaining coaches, we're pleased to complete the 22/23 season with 26 happy swimmers who enjoyed the summer for personal fitness and achieving their own swimming goals.

We head into summer 23/24 with a new head coach

on board and can't wait to see our old club members and hopefully some new keen swimmers again.

**Dallas Rae, Secretary**

## Greymouth Swim Club

This season our club started with low member numbers from previous years, but in January a few more families joined which gave our junior squad a much needed boost. We have some lovely upcoming swimmers who hopefully will be with the club for many years. Our senior swimmers have had one of their most competitive years, travelling to numerous away meets. We have had swimmers compete highly in the Canterbury Development Champs and Canterbury Junior Champs, Christchurch. We had our highest number to date of eight swimmers compete in Blenheim at the South Island Town and Country champs with some fantastic personal bests and awards. We have travelled to Timaru, Westport, Blenheim, Christchurch, Rolleston and Dunedin over the last 12 months with amazing commitment from swimmers, coaches and families. We had five talented swimmers compete in DIV IIs in Dunedin coming away with great results including four silver ribbons and numerous personal bests and top 10 finishes. Our club is getting stronger every season with dedicated swimmers and coaches, we are very proud of the results our wee club gets and highlights

with commitment and determination anything is achievable. This past season has been hard planning our club meets due to covid uncertainty but we managed to have two Greymouth swim meets with great results and attendance. As a little club we are under financial stress due to high swim lane hireage locally and travelling costs of away meets, which does put pressure on up and coming swimmers to keep swimming so we are constantly looking at ways we can fundraise or reduce costs for families, but this is getting to be a very big issue within our little club. The next season we are looking at working on bringing our junior and seniors swimmers together more to build our club culture.

### Greymouth Swim Team

---

## Hokitika

What can I say, what a season we have had. Despite the extended pool closure and Covid we managed to still get our children in the pool swimming.

Our club parents went the extra mile, literally, to get their children swimming. I would really like to thank the Westland recreational centre, The Ross community swimming pool and Hokitika primary school for opening up their pools and allowing us to make use of their facilities for several months.

COVID reared its ugly head again as we got back into our own pool. Thank you following the guild lines so our children could still swim safely.

Because of this our club hasn't been as visible to our community as it has been in the past. We will have some work to do in this area next season to let people know we are still here.

To my committee, Stacey, Melanie, Chloe, Corrina, Chelsea, Daryl and Katrina, thank you. The club is lucky to have a group of dedicated people to pull all of this together.

Our coaches, Chloe, Chelsea, Tammy and Courtney. There are many hours put into coaching, thank you is not enough. The children just love coming to swimming, you have made it fun and enjoyable. The results speak for themselves.

Our swimmers have swum exceptionally well this season. Lots of PB's , records and can I just mention we brought home the McPhee challenge shield for most point at WC champs. Hokitika hasn't held this since 2009.

To our officials and timekeepers at our meets, thank you to you all. A meet can not be run with out you. I think you will all agree with me, it is the best seat in the house.

After many enjoyable years I am stepping down as president. My love for swimming has kept me here. Having my name on the under 14 girls trophy, Charlotte when she was swimming and this season Rebekah, was such a highlight for me.

I wish the club all the best for the future, it is bright with so many talented swimmers coming through.

---

## Mackenzie Swimming Club

Another enjoyable and successful year for our seasonal club (Nov-March) with 35 swimmers taking part in as many meets as they could! Town and Country in Greymouth was a great way to finish the season for many of our swimmers. We are delighted to have had two of our senior competitors achieve times to take them to Div2s in Wellington this year!

---

## Jasi Swim Team

A more settled year in terms of training and Swim Meets both regional and national. It has been a good year for the club.

The hard work the swimmers have put in certainly shows with successes in the pool. Alongside that there is a well-established and professional coaching programme, fantastic support by parents and a dedicated Committee. In 2022-23 our Jasi swimmers once again achieved some outstanding results - a number of Canterbury records set, and national medals won. I would like to congratulate all swimmers on their achievements.

A swimmer that deserves a special mention is Charlotte Parmenter who was been selected for the Trinidad and Tobago 2023 Commonwealth Youth Games. We wish you all the best Charlotte.

As a club, we are fortunate to have an established, professional, and caring coaching unit. The dedication applied by the coaching team in working with the swimmers to achieve great results over the year is acknowledged and appreciated. I would like to extend our thanks to Peter Burgon, George Long and Kelvin Giddens for all their efforts throughout the year. I would also like to thank the many Senior Swimmers who have helped out during the year.

**Ange Asi, JASI President**

## North Canterbury Swim Team

Another year done with “normal” life back. Unfortunately, numbers have decreased a little, most probably because of Covid but with this new normal we are hopeful we will grow our numbers back to where they were.

With the change in the approach to Covid we have been able to start and continue training new IOTs.

We are lucky to have a fantastic coaching team led by Brigitte Mahan who have continued to grow our swimmers. They have juggled Covid, personal issues but have gone above and beyond to ensure our club thrives.

Thank you to the Waimakariri District Council for their ongoing support.

Thank you to our families, supporters, donators, sponsors etc for your continued support. We cannot

run our club without you.

We are proud of our swimmers successes over this past year in and out of the pool whether big or small and look forward to continued success in 2023/2024.

---

## QEII Swim Team

Post-COVID lock-down number one, came lock-down number two and certainly a change of circumstances for a few and implications on the Club! This saw us, take a dip in membership numbers and changes to our coaching team, when Roly's health took a turn for the worse with him going into hospital in July and only being released in January, with Satori and Charles coming on board. As people became aware that life was returning back to some form of normal, our squad numbers have started to grow. We were lucky enough (even at alert level red) to still host the Ruth Woolley Memorial swim meet, with great support from the SCWC community. We had senior and junior swimmers qualify and/or

represent the club at regional and national meets over the past year, resulting in a number of top three and top 10 finishes. Through the challenges of this last year, we also saw Sophie compete the at 2020 Paralympics in Tokyo and her selection for the 2022 Commonwealth Games in Birmingham and the selection of Chris to the SNZ Team competing at the Mare Nostrum Series in Europe. As always, our club looks forward to supporting all our swimmers in their endeavours for the upcoming 2022-2023 season.

## Selwyn Swim Club

Another exciting season this year for the Selwyn Swim Club. We are extremely thankful to have the support of our great team of Swim coaches, Committee, Volunteers, and members.

This year has seen a significant change in momentum for Selwyn. We have more swimmers qualifying for zonal and national meets, and results are generally in an upward trend in all age groups. We've nearly doubled our qualifiers for national meets, this is a fantastic measure of the effort that our swimmers and coaches are putting in.

Some of our club's key performance achievements this year have been:

NZ Short Course 2022 - eight qualifiers, six attended.  
NZ Short Course Champions Ella Benn 100 IM and 50 Free, Celyn Edwards 50 Fly, 50 Back, 50 Free. A further nine podium finishes from the three para swimmers.

NZ Championships 2023 - five qualifiers, two attended. NZ Champion Ella Benn in 200 Free and 40 Free. A further four podium placings for Ella. Dylan Booyens also attended and achieved 100% pb's at his first appearance at the highest-level domestic meet.

NZ Age Groups - nine qualifiers, six attended. Three podium finishes from Mille Long, along with Top 10 placings by Flynn Grace, Harrison Doak, Ben Smith, and Holly Smith.

---

## Swim Timaru

We have had a positive year.

Our membership numbers are up compared to last year, although we have a greater proportion of Club Swimmers rather than Competitive.

Coach Oscar retired and Shane Jones took over his role. The changeover has gone smoothly, helped by the fact that Ben Prebble remains as Assistant Coach.

In addition to Local meets, our swimmers have travelled and stayed as a team to the Jasi meet, SCWC Leagues, Makos Junior Festival, SIC&T, South Island Long Course, NZ Division II and NZ Short Course. We had one swimmer at the NZ Swimming Champs. Only one of our swimmers attended NAGs this year but she was well looked after by the Wharenui team and medalled in 200 Back.

## Swim Timaru

**SWIMMING TO SUCCESS**

We have had three major fundraising events. Our Swim Timaru meet, the PrimePort Timaru Ocean Swim and the swimming section of the South Island Masters Games. Some of the money raised has been spent on a new starter. We have also organized several evening 'Grab-a-Time' meets, inviting swimmers from our neighbouring clubs to join us.

## Triton Swim Club

As Triton approaches its 1st Anniversary in July, the club achieved a milestone season of fast growing. Heartfelt gratitude to Reuben and his young and passionate coaching team. Reuben, with more than ten years of established coaching experience, leads his team not only introducing the young swimmers to a new world of swimming sports, but also building a strongly bonded Triton community. Jason, father of two swimmers, gives unique support from parents' perception. Stacey, a canterbury record holder, enables the club to provide specific attention and assistance to young female swimmers. For the past season, Triton swimmers presented themselves in both regional and club level meets including 2022 Apollo Junior. Majority of Triton swimmers started with no experience with competitive swimming, and up till May, one third of them achieved tier2 qualifying time for at least one event. Special congratulations go to Louis Tian who sets a new

Canterbury West Coast record for 9-year-old boy for 50m and 200m backstroke. Triton couldn't have achieved all above without the full support from SCWC. Preparations are in full swing for the first Triton Meet in November. We look forward to seeing more enthusiastic young swimmers!

---

## Temuka Swimming Club

This was a challenging year for Temuka Swimming Club, our pool closed due to a lack of lifeguards, our amazing head coach of 30 years Marty Pow 'retired' and our target meet for the year excluded junior swimmers. I am pleased to say that our club responded amazingly with coaches stepping up to take on extra groups, extending their own skills through formal and informal training. Parents accepted changes in lesson times and many new faces are now on our committee. Once again our learn to swim was bursting at the seams, a highlight is seeing the improvement these children make throughout the summer. It is fantastic to see many familiar faces at local school swimming sports both in the pool and officiating. Although small, our squad led from the front assisting with younger swimmers while also hitting numerous PB's in the season. We would like to thank all of the swimmers who supported our carnival, we understand the commitment many of you made to travel to Temuka.

Another thankyou must go to our committee, our entire club is run by volunteers and it makes a huge difference having committed people. We are looking forward to another great summer extending our relationship with other South Canterbury Clubs and learn to swim groups.

## Vikings Swim Club

This year, as we celebrate our 10th birthday, we can reflect on a year where we have returned to a somewhat new normal & learned to live with Covid. We are really looking forward to moving into the new SwimKings facility in the coming weeks & finally having capacity to grow the club.

Our highlights include:

Holding the 9th Vikings Swim Meet in August, a huge thanks to the whole club & to all SCWC clubs & swimmers for supporting the meet.

Hope & Todd representing NZ at the Junior Pan Pacifics in Hawaii.

Good numbers attending national meets: 14 swimmers went to NZSC where the team won seven medals, seven swimmers went to Makos (14 ribbons), five swimmers went to NZ Swimming Champs (eight medals), 10 swimmers went to Nags (10 medals) & 10 swimmers attended Div II (six ribbons).

Our first club trip to Australia, eight swimmers competed at the Victorian Opens in Melbourne & won four medals.

Brooke and Harrison both qualifying for the SNZ Silver Squad & Hope for SNZ Bronze Squad.

Having three finalists at the SNZ Awards & Todd being awarded the SCWC Coach of the Year.

Four NZ Records & seven Canterbury Records broken by our swimmers this year.

Having four swimmers selected to represent NZ internationally in the coming months.

We look forward to an even better 2023/2024.

## Westport Amateur Swimming Club

This year really has been one out of the box. It has been a year of anxiety for many with homes affected by the floods and lives affected by Covid and its associated job cutbacks etc. We are thankful for the support and understanding from the club members along with the other Coast Clubs and SCWC.

So many have been affected in unusual ways this year causing the club to be faced with uncertainty.

Having Gina as coach was a highlight and gave us the feeling the Club was going to revive with new

members showing interest and current members getting the most out of being in the pool, we wish her and family all the best in Christchurch.

It was disappointing to see the decline in swim members resulting in us not being able to host the championships/swim meets here in Buller in the coming season. Hopefully with Lisa returning for some coaching, PERC instructors to help with swim skills and some new committee members on board the club will be revived.

## Waitaha Swim Club

The start of a new year and season began with our customary January Swim Camp with 28 swimmers getting involved. It was great to see the swimmer's dedication to both their sport and each other. Highlights of the camp were the Temuka swim meet and Lake Rua swim.

This past year has seen our numbers at swim meets improve steadily, in the junior ranks. On numerous occasions we've had the largest contingent of swimmers in attendance at meets with excellent results by way of podium finishes and new personal best times.

The annual trip to Dunedin for MAKO is always a successful away meet for our junior swimmers.

Our club meet, Waitaha Summer Sizzler was again a great success with 25 entries, several new personal best times, and "Ribbons". Thank you to our SCWC volunteer family to help enable this

Congratulations to our five swimmers that attended Div II with several new personal best times and podium finishes.

I would like to thank the committee for the hard work, support, and strategic planning that goes on behind the scenes to ensure the best outcomes for Waitaha Swim Club members.

Overall, a busy and reasonably successful past year for the Club with a view now to an exciting future.

Whanake Tahi Ana.

---

## Wharenui Swimming Club

The previous 12 months can only be described as memorable!

In April/May the Wharenui Swim Club and community campaigned against the closure of Wharenui Pool once Parakiore opened. After 45 submissions from the community and a petition signed by over 4500 people, the final decision not to close the pool is a good outcome for the whole Wharenui community and we are now working with the Council to ensure the pools long term survival.

The other big challenge for the year was COVID. Once again, lockdowns and restrictions meant the pool had to close and some events couldn't take place. Despite these disruptions, the coaching team have continued to grow and strengthen our swim programs and the management team have done a fantastic job of managing the clubs finances and the facility.

Following a very successful season, which saw numerous records and national titles as well as Gaby Smith and Lili-Fox Mason competing in the World Para Swimming Champs, all squads are back into work despite the ongoing impact of covid, flu and colds. Our coaching team are encouraging swimmers to think outside the box, have a growth mindset and extend themselves both in training and in reflecting around what is possible.

We look forward to another great season!

SWIMMING CANTERBURY WEST COAST INCORPORATED

# Approval of Financial Report

FOR THE YEAR ENDED 30 APRIL 2023

The Governing Board are pleased to present the approved DRAFT financial report including the historical financial statements of Swimming Canterbury West Coast Inc for year ended 30 April 2023.

## APPROVED

Name: Richard James  
Position: Chairperson  
Date: 15 December 2023

Name: Rhys Pryde-Wall  
Position: Vice Chairperson  
Date: 15 December 2023

# Statement of Service Performance

FOR THE YEAR ENDED 30 APRIL 2023

The primary object of Swimming Canterbury West Coast( SCWC) is to support the growth and performance of the sport of swimming in its region, from entry level to club and competitive swimmers through to HP swimmers.

## **SCWC achieved this by:**

During 2022/2023 SCWC through the Events Committee provided a calendar of events throughout the year to meet the needs of entry level, club and competitive swimmers at all levels.

These included:

- SCWC Invitational Championships
- SCWC Short Course Regional Championships
- SCWC Junior and Development Championships
- Clubs meets designed to cover all levels of swimmer throughout the year

## **Additional Information**

### **Notes from last year:**

During 2022/23 through the Technical Committee, the number of technical officials within the region has been increased with many travelling to National and International events.

# Statement of Accounting Policies

FOR THE YEAR ENDED 30 APRIL 2023

## Reporting Entity

Swimming Canterbury West Coast Incorporated is incorporated as an association under the Incorporated Societies Act 1908.

These financial statements are special purpose reports that have been prepared in accordance with its stated accounting policies exclusively for the benefit of the members of Swimming Canterbury West Coast Incorporated.

## Statement of Compliance and Basis of Preparation

The accounting policies adopted are not necessarily in conformity with generally accepted accounting practice, and accordingly should only be relied on for the expressly stated purpose. However, the Region is of the view that the financial reports give adequate disclosure about the Region's financial

performance and financial position to be presented to the members in fulfillment of their annual reporting obligations.

The accounting principles recognised as appropriate for the measurement and reporting of financial performance and financial position on a historical cost basis have been followed by the club, unless otherwise stated in the Specific Accounting Policies.

## Specific Accounting Policies

The following specific accounting policies which materially affect the measurement of financial performance and the financial position, have been applied:

### Stock

Stock valuation is the lower of cost and net realisable value.

## Property, Plant & Equipment

Significant fixed assets are recorded at cost less accumulated depreciation.

## Depreciation

Depreciation has been calculated to allocate the cost of assets over their estimated useful lives. Depreciation is calculated on the straight-line method. The rates of depreciation are:

Furniture and Equipment 10-25%pa

Electronic Timing Equipment 20-25%pa

## Accounts Receivable

Accounts receivable are valued at their expected realisable value.

## Contingencies

There are no known contingent claims or liabilities.

## Grant Income

Grants are initially recorded in the Statement of Financial Position, but are transferred and recognised as revenue in the year the condition, upon the which the grant is obtained, is met. Any grants unspent are held until the relevant expenditure, or are returned to the original donor.

## Taxation

Swimming Canterbury West Coast Inc is wholly exempt from New Zealand income tax having fully complied with all statutory conditions for these exemptions.

## Goods and Services Tax (GST)

The entity is registered for GST. All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable which are stated inclusive of GST.

## Subsequent Events

The Swimming Canterbury West Coast Board are not aware of any matter or circumstance since the end of the financial year, not otherwise mentioned within this report, that has significantly affect or may significantly affect the operations of the association, the result of those operations, or the state of affairs of the association.

## Changes in Accounting Policies

There have been no changes in accounting policies. All policies have been applied on a basis consistent with last year.

# Independent Auditors Report

FOR THE YEAR ENDED 30 APRIL 2023

To the Board of the Swimming Canterbury West Coast Inc.

## Report on the Audit of the Performance Report

### Qualified Opinion

We have audited the financial statements of Swimming Canterbury West Coast Inc., which comprise the statement of financial position as at 30 April 2023, the statement of financial performance, the statement of service performance for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the basis for Qualified Opinion section of our report, the accompanying financial statements are prepared, in all material respects, in accordance with the stated accounting policies.

This report is made solely to the Committee, as a body. Our audit work has been undertaken so that we might state to the Committee those matters which we are required to state to them in the auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members, as a body, for our audit procedures, for this report, or for the opinion we have formed.

### Basis for Qualified Opinion

In common with similar organisations, controls over cash revenues such as donations and fundraising prior to being recorded is limited and there are no practical procedures to determine the effect of that limited control. Consequently, we are unable to determine whether any adjustments to these amounts were necessary.

We conducted our audit of the statement of financial performance, statement of financial position, statement of cash flows, statement of accounting policies and notes to the performance report in accordance with International Standards on Auditing (New Zealand) (ISAs (NZ)), and the audit of the entity information and statement of service performance in accordance with the International Standard on Assurance Engagements (New Zealand) ISAE (NZ) 3000 (Revised). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the performance report is free

from material misstatement. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Committee in accordance with Professional and Ethical Standard 1 (Revised) Code of Ethics for Assurance Practitioners issued by the New Zealand Auditing and Assurance Standards Committee and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other than in our capacity as auditor we have no relationship with, or interests in the Society.

### Emphasis of Matter - Basis of Accounting and Restriction on Distribution and Use

Without modifying our conclusion, we draw attention to the Basis of Preparation paragraph in the statement of accounting policies, which describes the basis of accounting. The financial statements are prepared in accordance with the stated Accounting Policies of the Society exclusively for the benefit of the members of the Club. Our report is intended solely for the members of the Club and should not be distributed to or used by parties other than the members of the Club.

### Committee' Responsibilities for the Financial Statements

The Committee are responsible on behalf of the Society for determining that the special purpose framework adopted is acceptable in the Society's circumstances, the preparation of financial statements, and for such internal control as the Committee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Committee are responsible, on behalf of the Society, for assessing the Committee's ability to continue as a going concern, disclosing, as applicable, matters related to going concern

and using the going concern basis of accounting unless the Committee either intend to liquidate the Society or cease operations, or have no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (NZ) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

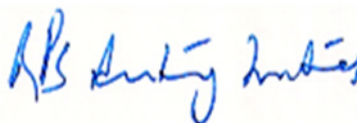

As part of an audit in accordance with ISAs (NZ), we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Committee's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the use of the going concern basis of accounting by the Committee and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Committee's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Committee to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
